

PRESS RELEASE

Lumens PTZ Cameras Integrate with the Crestron® Control System

Hsinchu, Taiwan, April 9th, 2020 – Lumens® Digital Optics Inc., the global leader in the Pro A/V market, today announced the successful integration of its Full HD PTZ cameras with a Crestron® control system, the industry-leading A/V control system. Lumens is committed to providing the reliable and easy-to-use solution that meets user expectations.

Lumens PTZ cameras can connect to the Crestron® 3-Series Control System® via RS232, providing users with greater choice and flexibility. The module allows the camera control function by using the Crestron Touch Screen and the Crestron App, and enables the following white balance, exposure, and advanced controls. With seamless integration, it offers a simple and convenient way to fully control the PTZ camera, including the preset, Pan-Tilt-Zoom functions all on the Zoom® control interface. The system is compatible with the VC-A50P IP PTZ Camera, the VC-A50PN IP PTZ Camera with NDI®, the VC-A61P UHD PTZ IP Camera and the VC-B30U USB 3.0 PTZ Camera. The integration makes users more efficient, connected and is applicable for broadcasting, medical, events and other environments.

Availability
